

LUNAR ECLIPSE

On Monday, 28th September 2015 there will be a total eclipse of the moon. The eclipse starts at 2:10am and will end at 7:24am. Total Eclipse will take place at 4:47am in South Africa. The Eclipse will be visible over most parts of Africa, Europe and the Americas.

Rasulullah ﷺ has stated in regards to Solar and Lunar eclipses:
“Verily the sun and moon are signs from amongst the signs of Allah. They do not eclipse due to the death of anyone, nor the birth of anyone. When you see them in eclipse, then hasten towards Salaah.” (Bukhari)

It is Sunnah to perform two Rakaats of Salaah at the time of eclipse. During a lunar eclipse, Salaah is read individually and not in congregation.

May Allah grant us the Tawfiq to revive this dormant Sunnah in our lives, Ameen.
