

# SPECIAL COURSE

## Living as a Muslim

Islam is a complete way of life. As such, it informs and educates us on every facet of life including social mannerisms, etiquette and behaviour. Unfortunately this branch of Islam known as Mu'aasharah is sadly neglected by many Muslims across the globe.

One of the greatest harms that has befallen Islam because of this neglect is that the lifestyle of a Muslim is no longer a tool of Da'wah and does little to attract others to Islam. Added to this, is the inability to effectively combat negative bias against Muslims as the unethical behaviour of many Muslims only serves to reinforce the same.

**In striving to remedy the situation, a special course on Living as a Muslim is held at the Canon Avenue Musalla, Overport, Durban, every Tuesday night after Esha, under the auspices of the Jamiat.**

Let us not miss this opportunity of bettering ourselves, our society and the Ummah at large.
