

BEWARE!!!

MISLEADING LITERATURE

Muslims are advised to beware of a treatise titled "Ruh-Allah". It has been established that this treatise is being published by Christian Missionaries based in Pakistan and Bangladesh. It has been brought to our notice that these books are being widely circulated in the Durban and surrounding areas.

The book contains verses of the Qur'an that are quoted out of context to deceive unwary Muslims into believing that Eesa (Alaihis Salaam) is the Final and only Prophet worth following if one wishes to attain Paradise. In short, the suspected intent of this book is to misguide and convert unsuspecting Muslims to Christianity.

Muslims are urged to be vigilant and safeguard their Aqeedah (beliefs) by verifying Islamic literature with their respective Ulama.
