

# Pertinent points to consider during Qurbani

While the Muslim community has always upheld the obligation of Qurbani with profound eagerness, it has been unfortunately observed that at times the slaughter and treatment of Qurbani animals is harsh and inconsiderate. Ignorance and negligence regarding the proper method of slaughter can diminish the reward and virtue of this noble obligation.

The following are some of the undesirable acts observed:

- ⊗ Sharpening of blades in clear view of the animals being slaughtered.
- ⊗ Skinning while any sign of movement exists in the animal.
- ⊗ Ill - treatment of animals in pens/holding areas.
- ⊗ Carelessly dragging the animal on its back to the slaughtering area.
- ⊗ Slaughtering in full view of other animals.
- ⊗ Slaughtering by such persons, especially children unacquainted with the correct method of slaughter thereby causing difficulty to the animal.

Rasulullah *Sallallaahu Alayhi wasallam* said, “Verily Allah Ta'ala has prescribed goodness for everything; so when you execute (for Qisaas) do so with dignity, and when you slaughter do so in a proper dignified manner, ensure the blade for slaughter is sharpened and, the slaughtering is carried out swiftly”

*(Sahih Muslim)*

*May Allah Ta'ala grant us the ability to offer our Qurbani in accordance with the Sunnah, Aameen.*
