

QURBANI

SERVICE 1433/2012

The Jamiatul Ulama KZN continues its Qurbani service aimed not only at providing meat to deserving families, but also giving them the opportunity of witnessing and experiencing the actual Qurbani.

Live animals will be delivered to selected underprivileged households and areas where the families will be able to, perhaps for the first time in their lives, slaughter the animals in their own homes and vicinities under the supervision of the Jamiat.

Sponsor an animal or towards an animal and play your part in bringing the spirit of Qurbani into the lives of the underprivileged.

Furthermore the Jamiat is offering the following additional services for your personal Qurbani:

- Slaughtering, Skinning & Cold Storage.
- Slicing, Packaging & Labelling of meat.
- Home Delivery.
