**INTENTION:** Our intention for learning should be that we attain an education which will assist us in earning a Halaal income for ourselves and our families whilst at the same time benefitting society.

**FOCUS:** Pay special attention to achieving your best. Greatness and success can only be achieved through hard work and dedication.

**RESPECT:** Islam teaches us to be respectful to our seniors and kind and considerate to our juniors. Our educators deserve special respect for it is through their dedication and continuous effort we receive our education.

**CHARACTER & BEHAVIOUR:** The environment around us will comprise of learners from various backgrounds and walks of life, therefore our character is extremely important. Our fellow learners should be treated with courtesy irrespective of whether they are Muslim or not.
